The Princeton
2 Bedroom / 2 1/2 Bath
1,346 sq. ft.

Spectacular begins the minute you open your front door, your eye drawn to the unique rotunda ceiling that singularly distinguishes your home. From the foyer with a convenient powder room, coat closet and utility room, wind your way through the rotunda and into an incredibly spacious kitchen where you'll again feel the impact of living space arranged with new attitude, enhanced by numerous windows and angled walls. The kitchen links to the dining room and the living room, all with a visual connection to your private balcony and beyond. The two bedroom suites are nearly equal in elegance and designed with comfort in mind. Oversized walk-in closets provide abundant space for daily access or long-term storage, plus sumptuous baths feature soaking tubs and convenient linen closets. Each retreat is an opportunity to enjoy the ambiance derived exclusively from the luxury of great space.
